

OCEANS'10 IEEE Sydney

Conference and Exhibition
24-27 May 2010 Sydney, Australia

Showcasing advances in marine science and engineering

Call for Papers

Experience the first IEEE OCEANS Conference Down Under –
an international forum addressing the latest developments in
marine science and engineering

This Conference features:

- A comprehensive range of technical papers
- Tutorials
- Student posters

Abstract submissions are invited under the following topics:

Special topics for OCEANS'10 Sydney

- Advances in Integrated Marine Observing Systems
- Advances in Marine Management
- Advances in Underwater Imaging and Mapping
- Advances in Understanding of the Southern Ocean
- Advances in Exploration and Recovery for the Offshore Oil & Gas Industry
- Advances in Understanding of the Impact of Climate Change on the Oceans
- Advances in Understanding of Marine Environments in the Western Pacific

General OCEANS Topics

- Underwater acoustics and acoustical oceanography
- Sonar signal / image processing and communication
- Ocean observing platforms, systems, and instrumentation
- Remote sensing
- Ocean data visualisation, modelling, and information management
- Marine environment, oceanography, and meteorology
- Optics, imaging, vision, and EM systems
- Marine law, policy, management, and education
- Offshore structures and technology
- Ocean vehicles and floating structures

Critical Dates

Abstract submission opens	15 November 2009
Abstract submission closes	15 January 2010
Notification to authors	21 February 2010
Final paper submission	21 March 2010
